

Baldy ~ The Eagle

Name _____

Follow the directions. Once your eagle is complete add measurements and geometric labels to each shape.

(Your eagle will be facing to the right, you will only see one side of the head.)

Part	Directions	Your Points
Head & Throat	Cut a white circle with a diameter of 8 cm. Cut a white trapezoid with a 6 cm base and a height of 4 cm.	/15
Body	Cut any combination of red, white, and blue isosceles triangles so that you have four triangles with two measuring 11 cm. Arrange triangles like this: <div style="text-align: center;">  </div> Fringe bottom triangle to resemble tail feathers.	/15
Feet and talons	Cut one yellow circle with a 3 cm diameter. Cut on the diameter for two feet. From the diameter, cut two small triangles to represent talons.	/15
Beak	Cut a yellow circle with a 3 cm diameter. Fold circle into fourths. Cut one 1/4 th sector away from circle. Glue to right side of head	/15
Eye	Cut two concentric circles. Largest circle has a diameter of 1 cm.	/10
	All geometric shapes are labeled	/15
	All geometric shapes are measured correctly.	/15
TOTAL		/100

Be sure to turn in this rubric with your little feathered friend.
