

Proud as a Geometric Peacock

Read all directions carefully.
Your score will be for correct measurements and shape.

	Measurements and Directions	Points
Body	An isosceles triangle with a base of 2 inches and a height of 6 inches.	/10
6 Tail Feathers	Each feather should be a different color. Construct then cut 6 isosceles triangles with bases of 1 ½ inch and 5 inches high. Arrange the feathers symmetrically so there are 3 feathers on each side of the body.	/60
Head	A circle with a 2- inch diameter. Circle eyes.	/10
Feet	Two small congruent triangles	/10
Crest	An equilateral triangle where all sides are 1 inch. Fringe the top side, glue to the top of the head	/10
Total		/100

Put your name on the bottom right side of the paper.
